Reasons for Allowance

Claims 1-6 are allowed. Presently claimed invention is drawn to specific polyazido compounds. Closest prior art is Frankel et al. (US Patent 4,406,718). This reference does not teach the specific cubane and adamantane polyazido carboxylic esters as presently claimed.

These compounds were neither taught nor suggested by the prior art of record.

Examiner is thankful to Attorney Robert Charles Beam for his cooperation during the prosecution of this application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
